10: Do you have any comments or suggestions for the club?

Keep up the good work.

I would like to attend more events, my schedule always seems to conflict.

Everyone is so busy these days...hard to obligate to routine demands.

Do more to get new members to come out even if it's different, new events that may not appeal to the old guard.

More track days :)

Just wish I had time to participate more.

Try to make the women feel comfortable at the social events.

must be conscious of liability with alcohol consumption during Club events, especially at night.

I would be a little more involved if I lived closer. Unfortunately, my schedule did not line up with the club's events in 2010.

Just wish I had more time

I think the new president is doing a very good job of scheduling social events and doing what can be done to keep the club active.

keep up the good work

Keep doing what we are doing. We've got a great selection of events and the percentage of members participating in our events far exceeds that of the other clubs in which I'm involved.
